

# DARE TO DREAM

The Educational Assistance Program

*Reaching new heights. . .*

## **Reaching New Heights - Education Pays!**

The United States and Canada are the most sought after destinations for pursuing higher education by students around the globe.

American and Canadian Universities and Colleges are known for their academic excellence and quality degrees. A degree from an accredited University is not only recognized, but also sought after by employers worldwide.

The costs of a quality education are rising. The Statesman Group offers FREE EDUCATION for a quality 4-year undergraduate degree or 2-year post-graduate degree program.

The "Dare to Dream" program provides families a guaranteed profit and an annual Vacation at any of Statesman's World Class Resorts. More importantly, it gives students the opportunity to receive a quality education from a North American University.

### **Academic Eligibility**

The student must be able to provide proof of eligibility for the academic program they have selected.

This includes a command of the English language and equivalent course qualifications to equate to 12 years of Senior Matriculation Standards; often verified by successful completion of S.A.T. Reasoning Tests or S.A.T. Subject Tests.

### **The Statesman Benefits of Higher Education**

The Statesman Group of Companies is a 33 year old North American firm that specializes in the development of elegant Seniors' Housing Complexes called "The Manor Villages." As well, beautiful "Resorts" that are memorable adventures are being completed at Toscana Resort in Phoenix, Arizona; Pleasant Harbor Marina and Golf Resort in Puget Sound, west of Seattle, Washington; and Pine Ridge Mountain Resort over Lake Windermere, 90 minutes from Banff, Canada.

Our State-of-the-Art Retail/Residential Communities are also setting new standards with steel and concrete construction in both the U.S. and Canada.

We encourage diversity at Statesman and from our projected growth, we expect a number of graduates under this program to be interested in joining our employment.

## The Educational Assistance Program

1. Once the student has selected and received approval to the University or College for their program of study; the family of the Student determines the purchase of a Statesman Property that is retained by the Family for the 4-year degree program.
2. Students of families that purchase a VIP Resort Property at a Statesman World Class Resort Receives:
  1. \$18,000 per year towards a 4 Year Undergraduate Degree or
  2. \$20,000 per year towards a 2 year Post-Graduate Degree
3. This financial benefit is paid by Statesman to the Family/Student and subsequently for each year of successful study.
4. Following graduation, the Family of the Student may elect to have Statesman sell the property on their behalf, and realize an appreciative price increase, or retain the property for revenue investment.

### Summary:

The Student receives a Quality Degree covered through the Educational Assistance Program. The Family of the Student benefits from "Property – Appreciation" over the 4-year degree, by investing in the Best of Quality Real Estate.

### Benefits. . . Are There Other Costs to Consider?

Yes.

The initial University Application Fees are the responsibility of the applicant, as well as all Legal and Immigration service fees (if applicable). Students and family members should also take into consideration the students living expenses.

The Statesman Group has offices in the State of Arizona, USA; as well as in the Province of Alberta, Canada. Universities or Colleges selected in these areas will provide an added benefit of assistance for the Student during their orientation by Statesman.

### Vacation Bonuses

The Statesman Group is a family-owned business, and we appreciate the value of family togetherness. Each year of the four-year Degree Program a 7 day – 6 night Resort Vacation is available at one of the Statesman Resorts with 50% Accommodation Discounts.

*Planting the right seeds for your future. . .*

*Achieve your dreams. . .*

*with the Educational  
Assistance Program*
